**DoD Financial Management Regulation**

**Volume 9, Chapter 3**

**★ March 2005**

★ 030608. Split Disbursement. To assist the traveler in fulfilling his or her payment responsibility, Block 1 of the DD Form 1351-2 ("Travel Voucher or Subvoucher") has been modified to permit reimbursement for travel card charges to the travel charge card contractor with the remainder of any entitlement to be sent to the traveler. This process is referred to as split disbursement. All military personnel and any civilian personnel not represented by a local bargaining unit or where bargaining has been completed with the local bargaining unit are required to split disburse the total outstanding charges against the travel charge card. For civilian personnel in organizations or activities where bargaining has not been completed on mandatory split disbursement, if no selection is made in Block 1 on the DD Form 1351-2 (method of payment), the total of the transportation and lodging charges claimed on the travel voucher will be split disbursed by default.

NOTE: Travelers are responsible for ensuring the total of their outstanding charges is annotated in Block 1 of the DD Form 1351-2 for split disbursement. Approving officials are responsible for ensuring that split disbursement is properly designated for the outstanding charges and shall return any vouchers that do not comply to the traveler for correction. Commanders and supervisors should match their delinquent accounts against prior travel vouchers claimed and take appropriate action to address split disbursement utilization or misuse.
